Section A: Overview

1. The reason for this policy

- 1.1. You have legal rights with regard to the way your personal data is handled.
- 1.2. In the course of our business activities we collect, store and process personal data about our customers, suppliers and other third parties, and therefore in order to comply with the law and to maintain confidence in our business, we acknowledge the importance of correct and lawful treatment of this data.
- 1.3. All people working in or with our business are obliged to comply with this policy when processing personal data.

2. Introduction

- 2.1 This policy and any other documents referred to in it sets out the basis on which we will process any personal data we collect from data subjects, for example, customers and business contacts, or that is provided to us by data subjects or other sources.
- 2.2 It also sets out our obligations in relation to data protection under the General Data Protection Regulation and the Privacy Act 1988 and the Privacy Regulation 2013 ("the Regulation").
- 2.3 This policy sets out rules on data protection and the legal conditions that must be satisfied when we obtain, handle, process, transfer and store personal data.
- 2.4 The procedures and principles set out herein must be followed at all times by us and our employees, agents, contractors, or other parties working on behalf of Intraversed Pty Ltd ("Intraversed").
- 2.5 We aim to ensure the correct, lawful, and fair handling of your personal data and to respect your legal rights.

3. The meaning of key Data Protection terms

- 3.1 **Data** is information that is stored electronically, on a computer, or in certain paper-based filing systems.
- 3.2 **Data subjects** for the purpose of this policy include all living individuals about whom we hold personal data. A data subject need not be an Australian national or resident. All data subjects have legal rights in relation to their personal information.
- 3.3 **Personal data** means data relating to a living individual who can be identified from that data (or from that data and other information in our possession). Personal data can be factual (for example, a name, address or date of birth) or it can be an opinion about that person, their actions and behaviour.
- 3.4 **Data controllers** are the people who or organisations that determine the purposes for which, and the manner in which, any personal data is processed. They are responsible for establishing practices and policies in line with the Regulation. We are the data controller of all personal data used in our business for our own commercial purposes.
- 3.5 **Processing** is any activity that involves use of the data. It includes obtaining, recording or

holding the data, or carrying out any operation or set of operations on the data including organising, amending, retrieving, using, disclosing, erasing or destroying it. Processing also includes transferring personal data to third parties.

4. Summary of the Data Protection Principles

This Policy aims to ensure compliance with the Regulation. The Regulation sets out the following principles with which any party handling personal data must comply. All personal data must be:

- a) **(Processed fairly and lawfully)** processed lawfully, fairly, and in a transparent manner in relation to the data subject;
- b) **(Processed for limited purposes and in an appropriate way)** collected for specified, explicit, and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes;
- c) **(Adequate, relevant and not excessive for the purpose)** adequate, relevant and limited to what is necessary in relation to the purposes for which it is processed;
- d) **(Accurate)** accurate and, where necessary, kept up to date; every reasonable step must be taken to ensure that personal data that is inaccurate, having regard to the purposes for which they are processed, is erased or rectified without delay;
- e) **(Not kept longer than necessary for the purpose)** kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data is processed; personal data may be stored for longer periods insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes subject to implementation of the appropriate technical and organisational measures required by the Regulation in order to safeguard the rights and freedoms of the data subject;
- f) **(Processing in line with data subject's rights)** personal data must be processed in line with data subjects' rights, in particular your right to:
 - 1.1.1 request access to any data held about them by a Data Controller (see also clause 15).
 - 1.1.2 prevent the processing of their data for direct-marketing purposes.
 - 1.1.3 ask to have inaccurate data amended (see also clause 9).
 - 1.1.4 prevent processing that is likely to cause damage or distress to themselves or anyone else.
- g) **(Security)** processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.
- h) **(Transfers outside EEA)** not transferred to people or organisations situated in countries without adequate protection.

5. Our use of personal data and our purpose

We collect, hold, and process the personal data referred to in Schedule 1 (and the purpose for which we process that personal data is also set out in Schedule 1).

6. Our data protection measures

When we are working with personal data we take the measures set out in Schedule 2.

Section B: Data Protection Principles

7. Lawful, Fair, and Transparent Data Processing

The Regulation is not intended to prevent the processing of personal data, but to ensure that it is done fairly and without adversely affecting the rights of the data subject. The processing of personal data is lawful if one (or more) of the following applies:

- a) **(consent)** the data subject has given consent to the processing of his or her personal data for one or more specific purposes;
- a) **(contract)** processing is necessary for the performance of a contract to which the data subject is a party or in order to take steps at the request of the data subject prior to entering into a contract;
- b) **(legal obligation)** processing is necessary for compliance with a legal obligation to which the Data Controller is subject;
- c) **(protection)** processing is necessary to protect the vital interests of the data subject or of another natural person;
- d) **(public interest)** processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Data Controller;
- e) **(legitimate interests)** processing is necessary for the purposes of the legitimate interests pursued by the Data Controller or by a third party, except where such interests are overridden by the fundamental rights and freedoms of the data subject which require protection of personal data, in particular where the data subject is a child.

8. Processed for Specified, Explicit and Legitimate Purposes

8.1 Intraversed collects and processes the personal data set out in Schedule 1 of this Policy. This may include personal data received directly from data subjects (for example, contact details used when a data subject communicates with us) and can include data received from third parties.

8.2 Intraversed only processes personal data for the specific purposes set out in Schedule 1 of this Policy (or for other purposes expressly permitted by the Regulation). Intraversed is normally required to respond to SARs within one month of receipt (this can be extended by up to two months in the case of complex and/or numerous requests, and in such cases the data subject shall be informed of the need for the extension).

15.2 All subject access requests received must be forwarded to Mark Atkins, Intraversed's data protection officer, dataprotection@intraversed.com.au.

 - c) The data subject objects to Intraversed holding and processing their personal data (and there is no overriding legitimate interest to allow Intraversed to continue doing so) (see Part 20 of this Policy for further details concerning data subjects' rights to object);
 - d) The personal data has been processed unlawfully;
 - e) The personal data needs to be erased in order for Intraversed to comply with a particular legal obligation;
- 17.2 Unless Intraversed has reasonable grounds to refuse to erase personal data, all requests for erasure shall be complied with, and the data subject informed of the erasure, within one month of receipt of the data subject's request (this can be extended by up to two months in the case of complex requests, and in such cases the data subject shall be informed of the need for the extension).
- 17.3 In the event that any personal data that is to be erased in response to a data subject request has been disclosed to third parties, those parties shall be informed of the erasure (unless it is impossible or would require disproportionate effort to do so).

18. Restriction of Personal Data Processing

- 18.1 Data subjects may request that Intraversed ceases processing the personal data it holds about them. If a data subject makes such a request, Intraversed shall retain only the amount of personal data pertaining to that data subject that is necessary to ensure that no further processing of their personal data takes place.

19. Data Portability

- 19.1 Processing personal data using automated means: Intraversed does not usually process personal data using automated means.
- 19.2 Where data subjects have given their consent to Intraversed to process their personal data

in such a manner or the processing is otherwise required for the performance of a contract between Intraversed and the data subject, data subjects have the legal right under the Regulation to receive a copy of their personal data and to use it for other purposes (namely transmitting it to other Data Controllers, e.g. other organisations).

- 20.3 Where a data subject objects to Intraversed processing their personal data for direct marketing purposes, Intraversed shall cease such processing forthwith.
